Libby

I don't think you were on the bcc list for the Sunnyside Gold letter. It did get sent today. All necessary contacts are being made.

FYI - I BCC'd all of the above people on the emails to Sunnyside, Peter Butler (ARSG), San Juan County, Town of Silverton and La Plata County that transmitted the Sunnyside letter. In addition, I am copying Brian Lloyd with the USFS on this email with the attached letter to Sunnyside.

I have spoken with Peter Butler to let him know about the letter and explained that the Agencies still intend to collaborate with ARSG. He indicated that some ARSG folks recognize that there is loading sources from several of the permitted operations in the watershed. He said that ARSG had not focused on those areas as they felt that was between the permit holder and the regulatory agency.

If anyone has any questions, please let me know. I will keep you posted on any communications or developments. Thank you.
